

2016 American Red Brangus National Junior Show

Bryan, Texas

We are proud to invite you to the American Red Brangus Association annual National Junior Red Brangus Show, July 27 – July 30, 2016. We look forward to fun filled week with great cattle, good friends, and plenty of events for everyone in the family. During the week, more than 100 juniors and their families will converge on the Brazos County Expo Center in Bryan, Texas to exhibit their cattle, and participate in numerous leadership and personal enhancement competitions. Numerous spectators, families, and friends will be in attendance throughout the weeklong event making it a great opportunity to promote your product and or business. We are all working to ensure a successful event for our juniors as well as for all in attendance.

This year's AJRBA junior officer team, junior committee members, and parents alike are committed in making this year's show great. However, your financial support is vital to make this week a highlight for families who will be traveling to Bryan to take part in this annual event. There are several ways that you can support the AJRBA National Junior Show and make an impact on many young lives that are agriculturally motivated.

These juniors are the future of agriculture and the Red Brangus breed. With your loyal support and the dedication of many volunteers this year's event will be enjoyed by all and a great educational experience for our juniors. Below are the inclusive sponsorship packages:
