Elaine Monaghan,
ARBA president

Celebrating 60 Years

As my term of the 2016 American Red Brangus Association President nears the end I want to say thank you for allowing me this honor. The Association is celebrating 60 years, we are financially strong and stable, own our own building, and have an outstanding group of cattle and members. I had the pleasure of attending several events this year. In January, the Board of Directors had a very productive meeting in Bastrop, Texas. In April, I traveled to Gulf Port and Poplarville, Miss. to attend the Sunbelt Red Brangus Organization Field Day. The Sunbelt put together a very educational program and displayed true southern hospitality. While in Mississippi, I had the privilege of touring several

herds of outstanding cattle and enjoyed the company of our amazing breeders. In July, I traveled to College Station — Bryan, Texas to attend the national junior show; this is always a highlight for me. The show was extremely well put together. I want to thank Jeanie Engle and the junior committee for all their hard work. The juniors had a great time and displayed an outstanding group of cattle — congratulations to all the juniors. Saturday night I attended the awards banquet and we enjoyed linen tablecloths, napkins and china, fresh flowers and good food — it was a first class event. I saw friends I have not seen in years. These friends are now back with their grandchildren, which says a lot about this breed

and Association. I want to thank all the sponsors and auction buyers for supporting our future. A very special thank you to the Foundation for providing scholarships to our deserving juniors. This was a very special show for me because twenty years ago, this year, my son, Michael, won grand champion heifer in College Station — oh, the memories this show brought back. I am so proud to be a member of this Association. We have the greatest group of hard working, dedicated members and the BEST cattle in the cattle industry. Thank you for your beautiful friendships and giving me unforgettable memories.

Inviting All to the 60th Anniversary Annual Meeting and Sale

I want to take this opportunity to invite all to the upcoming Annual Meeting and Sale that will be held September 30 and October 1. All events will take place at Hills Prairie Auction near Bastrop, Texas.

We are planning a great weekend for all. The annual meeting and meal will be on Friday and the sale on Saturday. Please make plans to attend, visit with old friends, make new friends, enjoy good food and purchase some outstanding cattle. Please see the “Celebrating 60 Years” ad in this magazine for all the information and schedule. For questions please contact myself, 512-293-0421, or Michelle, 512-858-7285. See you at the 60th Anniversary Celebration.

AMERICAN RED BRANGUS FOUNDATION

Contact Michele Hanson, Administrative Assistant of the Foundation
3995 E. Hwy. 290, Dripping Springs, TX 78620
Phone 512-858-7285 • Email arba@texas.net

Your foundation was formed as a non-profit corporation under the laws of the state of Texas and is exempt from federal income taxes under section 501(c)(3) of the IRS code.

THE MISSION OF THE FOUNDATION PER OUR BYLAWS IS:

To promote higher education of young Americans who participate as contestants in the feeding, fitting and showing of livestock at livestock shows and who wish to pursue a higher education. The directors shall establish one or more scholarship programs under which the foundation will award scholarships for qualified educational expenses to young Americans pursuing degrees at institutions of higher learning in The United States of America.

We are pleased to report that last year the foundation awarded a total of \$7,500 in scholarships to outstanding junior members of ARBA.

Thanks to the generosity and effort of many, we currently have over \$28,000 in the bank. Your support of our juniors and the foundation is truly appreciated.

As a foundation we are always looking for donations, of course, and we ask that you spread the word about our goals. We are also looking for volunteers, especially if you have suggestions and/or experience in similar organizations.

We are proud to have one of the outstanding junior programs in the industry and hope you can help us make it even better. Our juniors are our future.

This year the foundation awarded a continuing education scholarship of \$1,500 to Dylan Bostick, who is currently attending South Plains Junior College, with plans to transfer to Texas A&M. He wants to pursue a degree in veterinary medicine.

Graduating senior, Taylor Goerlitz of Brenhan High School, was awarded a \$1,000 scholarship to attend Blinn Junior College with plans to earn her degree as an embryologist.

This year's showmanship scholarship award winners, which are funded upon graduation from high school are:

JUNIOR DIVISION

Champion –

Madison Fischer - \$500.00

Reserve – Audrey Ivey - \$300.00

Third – Hailey Peters - \$200.00

INTERMEDIATE DIVISION

Champion –

Madelyn Adams - \$500.00

Reserve – Avery Brooks - \$300.00

Third – Trey Ivey - \$200.00

SENIOR DIVISION

Campion –

Megan Rogers - \$500.00

Reserve – Abbey Ivey - \$300.00

Third – Taylor Goerlitz - \$200.00

MISSISSIPPI *Magnolias*

Sun Belt Red Brangus Breeders Organization Field Day April 30th

One of my favorite things are Magnolia trees, and Mississippi had beautiful old trees that were blooming in late April. I had the honor and pleasure of attending the Sunbelt Red Brangus Breeders Organization Field Day on April 30th in Poplarville, Mississippi. Dr. Richard Gingles put together three amazing speakers; one from Purina, one from Dow AgroSciences and one from Merial. Each speaker gave a very informative presentation and took questions. We learned about nutrition and minerals and their importance, which chemicals to use to give us better and more productive pastures, and a new injectable long-lasting wormer. We enjoyed a steak lunch that was provided by the presenters. Attendees enjoyed great southern fellowship and feeding the sweet barn cat.

After lunch we went to M & M Farms, Wade and Heather Benoit. The Benoit's have a beautiful ranch and have worked very hard to put together an outstanding herd of Red Brangus Cattle. After leaving the Benoit's, Dr. Gingles and Jack Barron gave me a tour of Red Brangus cattle. Dr. Gingles has also put together a good set of Red Brangus cattle. The Sunbelt Red Brangus Organization has a great group of breeders that are working hard to promote American Red Brangus cattle and as President, I want to say thank you for your dedication and support to our breed and association. I want to thank Wade and Heather Benoit for having us at their ranch, and the Sunbelt Organization for inviting me to attend their Field Day. I also want to thank Doc and Grace Gingles for their true Southern Hospitality. I had the pleasure of staying in their home where I was treated like a queen. The Gingles have a very beautiful home and ranch and Grace is an outstanding cook. I am so proud to be a member of this association, we have outstanding cattle and a set of members that are beyond amazing, Elaine Monaghan. 📷

Red Brangus • Red Angus

Red Brangus — How They Were Developed

by Jody Butterfield

It took considerable insight back in the early 1940s to foresee that crossbreeding with a little ear was going to be the wave of the future and Malcolm Levi of Spicewood, Texas, was a man who had it. He'd been born, married and had started raising a family in Pennsylvania when he decided to leave the East and head west to Texas to get into the cattle business. In 1936 he bought the Paleface Ranch, named after the Hereford cattle that had traditionally been run on it. A group of sorry looking Brahman cross cows were included in the purchase and Malcolm bought a small registered Hereford herd as well. His first calf crop taught him a few things. The Hereford cows which had gotten all the attention and the best pastures produced calves that weighed 400 lb. and brought five cents/lb. But the Brahman cross cows that had been put out in a back pasture with an old cross bull and had received no attention produced calves that weighed 500 lb. and still brought five cents. He hadn't been in the business

long enough to be prejudiced and so then and there he decided to go with the Brahman crosses. He experimented with Angus, Shorthorn and Hereford crosses and decided the Angus cross was best.

By the early 1940s Malcolm was producing both black and Red Brangus cattle, the "reds" being offspring of black Angus cows and white Brahman bulls. He pulled the reds out and created a separate herd because there were several advantages to their red color that had future promise. The most obvious one was their use in crossbreeding programs on Hereford cows. Back then the little bit of ear didn't mean much to anyone, but he'd seen for himself what it could do and he also saw that the red coloring would remove the problems of pink eye, cancer eye and still give a pretty uniform looking calf crop. He sold the last of his "blacks" in 1957 and in 1959 with his son, Mike, helped to form the American Red Brangus Association. 📷

Around the ARBA Office...

Michele Hanson is the ARBA office manager. She handles the day-to-day operations of the association. Feel free to call her if you have any questions. Michele can be reached at 512-858-7285 or by email at arba@texas.net. Office hours at the Dripping Springs office are Monday-Friday from 9 a.m. to 1 p.m. (CST).

ARBA has two locations. Following is contact information and what happens at each location:

Online Registration

How do you register your American Red Brangus cattle ...

...with paper and pencil or keyboard and computer? We understand that many breeders still use the paper and pencil method as they have been registering their cattle that way for years.

Some may even wonder why anyone would use the online system to register cattle, after all the old system has worked great.

But has it really worked that great? Have you ever received your registration papers back with an error on them and thought, “What the heck. Why is this wrong?” Personally, I would not want to be the one trying to decipher my chicken scratch handwriting. It’s all too easy to see how a quickly written Bill Manso could be translated to Bell Mango. So there is definitely one clear advantage to registering your cattle online – less errors. You can see and check the data exactly how it will be printed on your papers. Not to mention, you save trees, ink and money for postage. So put down the pencil, turn on the computer, and give online registration a chance.

The first step in registering American Red Brangus cattle electronically is signing up to have access to the online process. This is really simple, you can find the “Online Registry Sign-up & Payment Authorization Form” on the American Red Brangus website, www.americanredbrangus.org. Simply go to Member Services and select the “Online Registration Link” and click it. You will see the forms you need to fill out in order to register cattle online. It may seem a bit odd that you have to fill out a piece of paper and mail it or fax it to the Association so you can get access to the electronic registration system, but we feel certain there are some legal reasons for this process. Information that you will need in order to fill out this form include things like: member/herd number, name or company name, phone/fax number, e-mail address and your credit card information.

Some of you may be saying right now, “I knew I couldn’t do this. I don’t have an e-mail address!” No worries! I bet you have a family member or possibly a friend that you

can use their e-mail address in order to use the electronic process. Or maybe it is time to get an e-mail address. There are lots of free options where you can set up an account at no cost, such as Yahoo or Gmail. Either way, whether you use a family member’s address, a friend’s address or sign up for your own e-mail address, the American Red Brangus Association (ARBA) will use the e-mail address you submit to send you the user name and password for your new ARBA internet account.

Once you receive an e-mail from the Association with your account information and instructions, you are ready to start using the online process. The online registry allows you to do lots of different tasks, for example: you can update your calving-aged cow herd inventory, update your bull herd inventory, record calves, record weaning weights, etc. For now though, we are just interested in registering a calf, so let’s get started!

From the ARBA website click on Member Services, select Enhanced Member Log In and you will arrive at a log in page. (Under Member Services, there is an Online Registry Help Page that you can print out.) Put in your user name and your password and click “Sign On.”

On the next screen, click on “Create a New Batch.” Now you may say, “Batch? What do you mean batch?” Yet when you look up the definition of batch when discussing computers it is simply a group of jobs, data or programs treated as a unit for computer processing. Personally, I prefer to think of the phrase batch in terms of cooking. You bake a batch of cookies, so you may have two dozen cookies that you bake one afternoon. Although there are 24 individual cookies it is still considered all one batch. Let’s say you have 12 calves to register. You can register all 12 in one batch. They will each receive their individual pedigrees;

you just register them all at the same time, making one batch. Or you can register them individually, creating a new batch every day. It is your choice. So, a batch is simply a grouping of things that you have worked on for that day.

The next screen will let you choose what type of work you will be doing online. For this article we want to register calves, so click in the radio button by "Calf Record Form."

On the next screen you will click "Add" to add one animal to your batch and you will arrive at the electronic version of the paper registration form.

If you have filled out registration papers before you will see boxes that look similar to the paper version for your data. If you have never filled in registration papers, we recommend you call the Dripping Springs office at 512-858-7285 and Michele will walk you through it.

To fill in the blanks on the form you simply click in the first empty field and start typing. Then either click on each empty field after that or use the tab key on your keyboard after entering data

in one field to proceed to the next field in the form. One thing you do NOT want to do is hit the enter/return key on your keyboard to get to the next field as this will not work. Also, down arrows indicate there is a drop down list available with more information. This makes it easy as all your choices are right there for you!

Once you think you are finished filling in the form, you can check to see if you forgot anything by highlighting "Check Data, Redisplay If Errors" and then clicking the "Go" button. The system will tell in you red bold highlights by each field if you have made a mistake and give you a chance to fix it. If you choose "Check Data and Proceed" and you have errors it will tell you "Fatal Error" on the next screen in the status column and allow you to go back and fix the error. If you get interrupted while filling out your online registration – say to take a batch of cookies out of the oven – do not be concerned, as you can come back and finish at a later date. Simply highlight "Check Data and Proceed," click "Go"

and then log out. All your data will be waiting for you when you are ready to log back in and get to work on registering your calves again.

Once you have finished with the batch, highlighted "Check Data and Proceed" and clicked "Go," you will be taken to the screen with your batches listed. Once all the data proves to be correct, the system will tell you in the Status column that the batch is validated and will allow you to click "Submit."

Once on the Submit screen, you can edit the comments section, delete the batch or submit the batch to the ARBA. Click "Submit the Batch to the ARBA" and you are done!

We hope you try this very easy system for registering your calves. It is not nearly as hard as it seems. Let us know if you try the system and what you think. Remember, we are smarter than the computers that seem to run the world, so you can do this and you can outsmart the computer. It just takes a little getting used to! ☺

2016 AJRBA National Junior Show Report

What a great National Junior Show we had this year at the Brazos Expo Center in Bryan, Texas! Congratulations to all of the American Junior Red Brangus Association members that participated in the National Junior Show.

All the junior members and their families enjoyed several activities such as: pizza party, swimming, costume contests, skill-a-thon, public speaking, livestock judging, showmanship, team-fitting contest, and of course the livestock show.

We would like to thank Nick Dow for providing a Fitting Demonstration to our juniors. This was a wonderful seminar that gave our exhibitors pointers on grooming, clipping, and daily care of their animals. It was great to see our juniors put the skills learned into use at the team-fitting contest and then again at the livestock show itself.

Thanks to Corey and Shannon Suire, everyone at the show was treated to a homemade Cajun dinner of jambalaya and beans. It was a wonderful way to end a great day of contests at the barn! We want to extend a big thank you to them for their contribution to the show family.

Junior Officer Kayden Mascheck and his father Todd Mascheck provided beautiful portfolios for all our contests 2nd and 3rd place winners. We greatly appreciate your thoughtfulness and support of the show with these prizes.

This year's show had twelve first time exhibitors and many returning as veterans to the show. There were thirty exhibitors and seventy-one entries in the show. Special Thanks to Mr. Joe Rathmann of Bryan, Texas who evaluated the cattle this year. Ms. Joelynn Rathmann of Bryan, Texas pulled double duty at the show this year providing exceptional photos and judging junior showmanship.

During this year's banquet, we said farewell to three of our junior officers who had served the AJRBA officer team for several years. We wish Dylan Bostick, Katie Carter, and Seth Suire all the best as they pursue their future endeavors.

The American Red Brangus Foundation was established as a 501 (3)(c) foundation in 2012 to assist in funding scholarships, educational events, and assure the sustainability of our organization by cultivating the youth of the Red Brangus breed. As a breed association we are extremely fortunate to have such a program. Through the hard work and dedication of our breeders, parents, and donors we have been able to grow the foundation each and every year. That is something we are extremely proud

of! Our live and silent auction at the banquet this year yielded \$8,500 for the foundation!

The AJRBA National Junior Show would not be possible without the support and generosity of sponsors, businesses, and breeders. A special thank you to everyone who supported this year's national junior show. If you have ideas or would like to volunteer to assist the junior program we encourage you to submit them along with your information to the office via email: arba@texas.net.

This year one scholarship was awarded to a graduating high school senior. This year one continuing education scholarship was also awarded. This scholarship was

awarded to a junior member that is currently attending college. We realize these two young adults are the future of our breed and we look forward to watching them excel as they pursue their future.

For the past four years, the foundation has awarded scholarships to the young exhibitors placing in the top spots in the showmanship contest. The junior program currently has three divisions consisting of a junior, intermediate and senior division. This year the foundation awarded scholarships to the top three showman of each division. These scholarships will be accrued until the exhibitors graduate high school.

The American Junior Red Brangus Association has grown each year and we have been extremely fortunate to expand the fundraising efforts to help meet the needs of a growing association. As former junior members of the association we realize the life long skills that are helping mold these juniors into future advocates of our industry. We challenge all of our active members to become more involved with our junior program in some facet or another. Today's junior members will carry on the legacy that we have left for them. It is extremely rewarding to watch our former junior members grow into productive members of society and the agriculture industry especially. We have ranch managers, veterinarians, nurses, agriculture teachers, pharmaceutical reps, and business owners that all started out as timid livestock exhibitors. Let's make sure we continue to prepare our junior membership with leadership skills, knowledge, and a strong foundation to continue the traditions of building successful young agricultural leaders.

A Note From the Junior President

Howdy!

What a great 2016 AJRBA National Junior Show we had this year in Bryan, Texas! It was wonderful to be in Aggieland for such a great week. We kicked off the show with a pizza and pool party at the Aloft Hotel in College Station. The theme for this year was "Reds Take the West". Throughout the year, officers and junior members were asked for their input on the theme, locations, contests etc. The show was bigger and better than ever and I attribute this to all the input we received, especially from the junior members! This year included a Prepared Public Speaking contest. Although everyone was a little nervous at first, everyone learned a lot and enjoyed the contest! Everyone got creative with the costume contest. We had a professional fitting demonstration. After the demonstration the juniors competed in a tough team fitting contest followed by a livestock judging contest. Everyone was encouraged to participate in a skill-a-thon, identifying

different tools one might find around the ranch. Lastly, to all of you who support the junior show each year. Please accept a BIG THANK YOU from each and every junior. Without you we would not had the opportunity to enjoy such an amazing AJRBA National Junior Show. I expect to make next year even bigger and better with everyone's support and input. Thanks again!

Hope to see y'all soon, Molly Smith

Special Thank You to Winona Cavender for the tables decorations and floral arrangements.

Junior Scholarship Recipients

Established in 2012 the American Red Brangus Foundation began collecting donations for the purpose of supporting youth of the American Red Brangus in pursuit to further education. As the years have gone by, the Foundation has been able to add opportunities for AJRBA youth to earn scholarships in addition to the traditional graduating senior awards. Just a few years ago the Foundation Board agreed to allocate money each year to be awarded to the top three winners of each showmanship division at the AJRBA National Show.

The 2016 National Junior Show was no different and the top three contestants of the three age divisions in the showmanship contest were awarded a scholarship that will accrue until their senior year. Upon their graduation the money that has been awarded during their show career will be made available to them under the standard scholarship rules and guidelines. By establishing this type of contest where juniors have the opportunity to earn scholarships

throughout their young career, juniors can build a financial vault for their education and future. Utilizing the showmanship contest as a venue to award these scholarships allows every junior the opportunity to earn an award.

This contest is one that allows each exhibitor and their calf to go out and display the hard work that has taken place over the previous several months at home and at other shows. The exhibitors and their calves go out before a judge and get placed based on their showmanship skills.

This year the top three exhibitors in each division were awarded scholarships. The champion showman of each division earned a \$500.00 scholarship, the reserve showman earned \$300.00 and third place showman earned \$200.00. As stated above, these amounts are accrued throughout their show career until the exhibitors graduate their senior year in high school, at which time those scholarships will become eligible to be paid out based on the standard rules and guidelines of the scholarship program.

The 2016 Showmanship Scholarship Winners are:

JUNIOR DIVISION	INTERMEDIATE DIVISION	SENIOR DIVISION
Champion – Madison Fischer - \$500.00	Champion – Madellyn Adams - \$500.00	Champion – Megan Rogers - \$500.00
Reserve – Audrey Ivey - \$300.00	Reserve - Avery Brooks - \$300.00	Reserve – Abbey Ivey - \$300.00
Third – Hailey Peters - \$200.00	Third – Trey Ivey - \$200.00	Third – Taylor Goerlitz - \$200.00

In addition to the showmanship scholarships, the Foundation also provides scholarship opportunities to graduating seniors and continuing education scholarships for the AJRBA juniors. This year the Foundation awarded Taylor Goerlitz, a graduating senior from Brenham High School, a \$1000.00 scholarship. Taylor is currently enrolled at Blinn Junior College to start her pursuit towards earning her degree as she has plans to become an embryologist.

The Foundation also awarded Dylan Bostick the continue education scholarship in the amount of \$1,500.00. Dylan is

attending South Plains Junior College and looking forward to transferring to Texas A&M in pursuit of a degree in veterinary medicine.

Congratulations to all exhibitors of the 2016 National Show and the Foundation looks forward to continuing to support the activities of the ARBA Juniors.

If you are interested in contributing to this great cause of promoting youth education through the agricultural industry, please contact one of the Foundation board members or the ARBA office.

Passing Tradition

Dylan Bostick currently is a South Plains College student originally from Bangs, Texas, and previously active in the Bangs FFA and former Vice President of the American Junior Red Brangus Association (AJRBA). In addition to maintaining a 4.0 grade point average at South Plains, he also participates on the Livestock Judging Team, is a member of the Phi Theta Kappa College honor society and a campus ambassador.

Dylan has a real passion for showing Red Brangus cattle, which has spilled over in to a love for all animals. He has expressed interest in attending Texas A&M University and becoming a Veterinarian. Beginning in eighth grade, Dylan started showing and has been very blessed with his winnings; which he is very proud, and rightly so. Showing Red Brangus cattle is something that will be in Dylan's blood forever and now he is passing on that tradition to other junior exhibitors. Other juniors whom he has mentored, are currently showing several of Dylan's animals. In previous years, Dylan has raised and shown the Grand Champion Bull and Grand Champion Female. This year, he raised and sold the 2016 AJRBA National Show Grand Champion Female, Bostick's Ruby 45C.

Recently, Dylan received his auctioneer training from the Missouri Auction School. The AJRBA would like to thank Dylan for stepping up to the plate as our auctioneer at the 2016 AJRBA National Show Banquet. He was instrumental in selling more than \$8,000 in live auction items, which all go towards the future of the AJRBA program and junior show.
